# BARCO-FULLHD installation
Moome Liu

2014/09/15
Disconnect the port3 card RGB cable from the RGB input card

Remove the original port3 card

# Use drill to take the bracket off your existing port 3 board by drilling out the rivets

Use a screw to fasten the BARCO-FULLHD to the bracket
Completed BARCO-FULLHD card with the bracket attached:

# Insert to BARCO-FULLHD in the original port3 slot

# Connect the RGB input card cable to the BARCO-FULLHD

Pass your HDMI cable(s) in through an available opening or hole you drill

Connect the HDMI cable(s) to the BARCO-FULLHD
